NCMA Manufactured Stone Veneer Product Certification Program

Application Form

Version 1.01, Revised August 14, 2019

Company Name:	
Contact Name:	
Contact Title:	
Mailing Address:	
Phone Number:	
Email Address:	
Plant Location:	

Number of Product Line(s) for Certification:	
List Name(s) of Product Line(s):	

The following information must be included with this application form:

1. Test results for each product line from a qualified laboratory.
2. Copy of plant location's quality control program.
3. Documentation of completion of the required education for at least one employee from plant location.

By signing the application form, the applicant attests to the following:

1. All specimens provided for testing (as documented by the test results provided) were obtained in accordance with the Program Requirements and ASTM C1670/C1670M.
2. All constituent materials used in production of manufactured stone veneer units to be certified conform to the requirements of ASTM C1670/C1670M.
3. All specimens and samples provided to the testing laboratory (as documented by the test results provided) were obtained from the plant location listed on this application form and within the time frame required by the Program Requirements.

At the time of application, the non-refundable application fee must also be submitted:

- For NCMA Members:
 - \$250 for the first product line with a given mix design.
 - \$50 additional for each additional product line with the same concrete mix design
 - Contact NCMA staff for application fees if NCMA Laboratory is used for testing.
- For non-members
 - \$5,000 for each product line.

The following is acknowledged related to the NCMA Manufactured Stone Veneer Product Certification Program:

- **NCMA has not seen nor evaluated the plant location.**

NATIONAL
NCMA
CONCRETE MASONRY
ASSOCIATION

- The decision on certification is based solely on the information provided to NCMA by the applicant. This information is compared to the requirements contained in the *NCMA Manufactured Stone Veneer Product Certification Program, Version 1.0* and certification is provided if all program requirements are met.
- If testing is being performed at the NCMA Laboratory, the applicant is authorizing release of test results to NCMA staff for purposes of this program.

By signing below, the above Company shall fully indemnify, hold harmless and defend (collectively “indemnify” and “indemnification”) the National Concrete Masonry Association and its members, directors, officers, and employees (collectively, “Indemnified Parties”) from and against all claims, demands, actions, suits, damages, liabilities, losses, settlements, judgments, costs and expenses (including but not limited to reasonable attorney’s fees and costs), whether or not involving a third party claim, which arise out the NCMA Manufactured Stone Veneer Product Certification Program. No warranties or guarantees about any products or manufacturers are included or implied in this program.
