### Safety Award Categories

#### MILESTONE AWARD:

Facilities with more than five consecutive years of Safety Award Program entries with zero OSHA/Canadian injury report injuries.

#### ANNUAL AWARDS

NCMA Platinum, Gold and Silver awards are given based on two formulas, one for Incident Rate (IR) and Days Away for Restrictions and Transfer Rate (DART).

$$IR = \frac{(\text{Number of Recordable Injuries}) \times 40,000}{(\text{Total Number of Hours Worked})}$$

$$DART = \frac{(\text{Total Number of DART Incidents}) \times 40,000}{(\text{Total Number of Hours Worked})}$$

#### PLATINUM SAFETY AWARD:

Highest level of safety achievement in a single year is given to member facilities with an IR of zero.

#### GOLD AWARD:

Given to member facilities with a DART no greater than one and an IR no greater than two. Facilities with a death during the reporting period are not eligible.

#### SILVER AWARD:

Given to member facilities with a DART greater than one but not greater than two and an IR no greater than three. Facilities with a death are not eligible.

\* **Note: NCMA and ICPI reserve the right to audit entries for accuracy**
